The Nancy Sever Gallery is pleased to present **Greg Daly | Colour**, an exhibition of the work of one of Australia's leading ceramicists.

Greg Daly is an internationally acclaimed and respected ceramic artist specialising in rich glaze effects. His work is held in over 85 national and international art gallery and museum collections, including those of the National Gallery of Australia and the Victoria & Albert Museum in London. Greg has had 105 solo exhibitions and has exhibited in over 250 international and national group exhibitions, including in Britain, Canada, Croatia, Czechia, Egypt, France, Germany, Greece, Italy, Japan, Korea, Lithuania, New Zealand, Poland, Portugal, Spain, Taiwan, Turkey and the USA. He has won 36 national and international awards.

The art historian and art critic Peter Haynes has written that Greg Daly's work displays 'an aesthetic virtuosity, consummate technical ability and a complete understanding of and passion for his chosen material: clay'.

The artist explains that the works in this exhibition explore colour derived from different metal oxides: cobalt, copper, chrome and silver. As metal oxides give the colour in glazes, Greg has revised glazes from the past as well as exploring new colours. In this exhibition you will find lustre glazes that capture iridescent colours and for the first time in over 12 years high temperature glazes on porcelain.

**Greg Daly | Colour** is on show from 25 June until 23 July 2023. Gallery hours: 11am-5pm Wednesday to Sunday. For further information please contact [nancy.sever@inet.net.au](mailto:nancy.sever@inet.net.au) or Mob. 0416 249 102.
